

Job Vacancy

Clinical Director

Marie Stopes International Cambodia is seeking a Clinical Director* to lead our Quality Assurance and Training team. Reporting to the Country Director, this is a unique opportunity to contribute your skills and commitment to a rewarding role with a social enterprise delivering essential health services to Cambodian women and men.

As Clinical Director you will be responsible for:

- Ensuring quality sexual and reproductive health (SRH) clinical services and quality assurance programs are delivered in accordance with National and MSI global standards
- Managing the development, implementation and continuous improvement of quality assessment tools and training curriculums
- Provide leadership and clinical expertise in the development of SRH programmes in line with global strategy and to support roll out of new clinical services.

Qualifications/Skills and Experience:

- At least 10 years clinical experience with 3 years in a senior management position
- Strong experience in developing and monitoring of quality assurance mechanisms
- Experience developing and conducting clinical training sessions
- Experience in reproductive health desired but not essential
- Intimate understanding of Cambodia health sector, laws and policy essential
- Excellent people management and interpersonal communication skills
- Support women's access to family planning and safe abortion services.

Marie Stopes International is a global organisation providing personalised contraception and safe abortion services. Our local teams of professionals are passionate about the work they do in communities across 37 countries. The services they provide give a woman the power to choose when she has children so that she's free to pursue her plans and dreams for herself and her family.

Marie Stopes International Cambodia has been serving clients with high quality, affordable sexual and reproductive health since 1998. In 2019 Marie Stopes provided services to approximately 80,000 women and men in Cambodia. A key responsibility of this role is to further **Marie Stopes' Vision: A world in which every birth is wanted** and its **Mission** of ensuring the individual's right to: **Children by choice, not chance.**

*This role will commence as **Deputy Clinical Director**. After a period of induction with our current, retiring Clinical Director, will be appointed as Clinical Director from May 2021.

We are committed to Child Safeguarding and Protection from Sexual Exploitation and Abuse. Please note, appointment to this position is subject to the outcome of background checks. We are an equal opportunity employer – women and persons with disabilities are strongly encouraged to apply.
